

REMARKS

Claims 32-51 and 53-64 are pending.

Applicant acknowledges the statement that claims 32-50 and 63 are allowed, and that claim 52 is allowable. Rather than amending claim 52 to incorporate the requirements of claim 51, applicant has amended claim 51 to incorporate the requirements of claim 52.

Reconsideration is respectfully requested of the rejection of claims 51, 53, 55-59, 61, 62, and 64 as anticipated by Tai et al. Claim 51 is respectfully submitted to be allowable because it is amended above to incorporate the requirements of claim 52, which had been stated to be allowable. Claims 53, 55-59, 61, 62, and 64 depend from claim 51, and are therefore patentable for the same reasons as claim 51.

Reconsideration is respectfully requested of the rejection of claims 54 and 60 as obvious over Tai et al. Claims 54 and 60 depend from claim 51, and are therefore patentable for the same reasons as claim 51.

CONCLUSION

In view of the foregoing, applicant requests issuance of a Notice of Allowance for all of claims 32-51 and 53-64.

Respectfully submitted,

/paul fleischut/
